

Declaration of Contamination

In terms of safety of our employees and compliance with legal regulations we ask you to complete this Declaration of Contamination. All devices are decontaminated (cleaned) by OTT HydroMet on receipt.

In case of heavy soiling/contamination there is an extra charge for cleaning. A copy of the declaration must be attached in a visible way outside the packing. This declaration must be fully completed and signed by an authorized member of your company/institution before your shipment will be processed.

Please name all substances with which the device/s was in contact with

Sort of contamination

Toxic	<input type="checkbox"/> no	<input type="checkbox"/> yes	which substance?	<input type="text"/>
Acrid	<input type="checkbox"/> no	<input type="checkbox"/> yes	which substance?	<input type="text"/>
Explosive	<input type="checkbox"/> no	<input type="checkbox"/> yes	which substance?	<input type="text"/>
Radioactive	<input type="checkbox"/> no	<input type="checkbox"/> yes	which substance?	<input type="text"/>
Biological e.g. sludge, mussels etc.	<input type="checkbox"/> no	<input type="checkbox"/> yes	which substance?	<input type="text"/>
Other substances	<input type="checkbox"/> no	<input type="checkbox"/> yes	which substance?	<input type="text"/>

We will not accept devices which were exposed to radioactive radiation and which were not properly decontaminated. If your device is equipped with lithium batteries, please remove them before shipping!

Returns containing lithium cells will not be accepted by OTT.

Was the device flushed out and is it free from hazardous substances? yes Ship the device
 no Do not ship the device

Legally binding declaration

We herewith confirm that we have completed this declaration fully, truthfully and to the best of our knowledge. Shipment is made in compliance with all legal regulations that apply to packaging, shipping and labelling of dangerous substances. The sender will be liable for any damages that occur caused by failure to declare and to mark contamination of the sent in devices.
