

### Clark cell based dissolved Oxygen Sensor for water quality measurements

The Hydrolab Dissolved Oxygen sensor is based on the EPA-approved Clark Cell design, and has been trusted for over 30 years.

Dissolved Oxygen (Clark Cell)	
Range	0 ... 50 mg/L
Accuracy	$\pm 0.2$ mg/L for 20mg/L or less $\pm 0.6$ mg/L for over 20 mg/L
Resolution	0.01 mg/L
