

## System cabinets with integrated components for automatic weather stations

- Product highlights

Compact solution for automatic weather stations

- Location

Synoptic and climatological weather stations

- Main power supply

Mains power

- Communication

Cellular, Ethernet

The rugged lockable control cabinet of the OTT MetSystems is designed for automatic meteorological stations. it is equipped with components for power supply as well as with the IP datalogger OTT netDL for saving and remotely transferring meteorological data. The datalogger is preconfigured for use with the precipitation gauge OTT Pluvio ${ }^{2}$ and optionally also for Lufft-weather sensors. This simplifies the set up of sensors. The high quality of the properly installed components guarantees a long useful life.

| Control cabinet | $380 \mathrm{~mm} \times 500 \mathrm{~mm} \times 210 \mathrm{~mm}$ |
| :--- | :--- |
| Dimensions $(\mathrm{W} \times \mathrm{H} \times \mathrm{D})$ | stainless steel, lockable, with breather gland |
| Housing | IP66 (vertical installation) |
| Protection class |  |

Max. battery dimensions (W x H x Systems configured for solar power supply:
D) $190 \mathrm{~mm} \times 175 \mathrm{~mm} \times 130 \mathrm{~mm}$ Systems configured for main power supply : $65 \mathrm{~mm} \times 96 \mathrm{~mm} \times 151 \mathrm{~mm}$

```
Temperature range for control - 25 ' C ... +70 % C incl. components
cabinet
```

## Power supply

| Power Control Unit for mains <br> power operation | DRC 100-A |
| :--- | :--- |
| Power supply | 24 V/50 W |
| Overvoltage protection for power <br> supply | SPD acc. to EN 61643-11: Typ 3 <br> SPD acc. to IEC 61643-1/-11: Class III |

| OTT netDL 500/1000 IP <br> datalogger | external modem (4G / LTE) and flat antenna |
| :--- | :--- |
| Communication interfaces | USB host and USB device, |
|  | RS-232 (full DB9), |
|  | Ethernet (netDL 1000) |
| Sensor interfaces | SDI-12, RS-485 (SDI-12), <br>  <br>  <br>  <br>  <br>  <br>  $2 \times$ status/pulse input, |
