

## Non-contact water level sensor for long term surface water measurements

- Application Eaux de surface
- Parameters measured Water level / distance to water
- Measurement range Non-contact pulse radar
- Product highlights Measures water level or depth to water from a bridge, pier or mounting arm
- Rango de medición 0.4 ... 35 m
- Accuracy 0.8 ... 2 m: ± 10 mm; 2 ... 30 m: ± 3 mm; 30 ... 35 m: ± 10 mm
- Internal data logger 1
- Interface SDI-12, RS-485 (using SDI-12), or 4 ... 20 mA

The OTT RLS is a non-contact radar level sensor with pulse radar technology. The OTT RLS

## OTT RLS - Radar Level Sensor

offers a large measurement range with a small blanking distance and narrow beam width and it easily connects to most dataloggers. The RLS has extremely low power consumption and is ideal for remote or solar powered sites.

| Water level measurements        |                                 |
|---------------------------------|---------------------------------|
| Measuring range - distance to   | 0.4 35 m                        |
| water surface                   |                                 |
| Resolution SDI-12 output        | 0.001 m                         |
| Accuracy (SDI-12)               | 0.4 2.0 m: ±10 mm;              |
|                                 | 2.0 30 m: ±3 mm;                |
|                                 | 30 35 m: ±10 mm                 |
| Average temperature coefficient | 0.01 % full scale/10 K          |
| (-20 +40 °C)                    |                                 |
| Accuracy (4 20 mA)              | ±0.1% full scale                |
| Average temperature coefficient | 10 ppm full scale/°C (at 20 °C) |
| Measuring time                  | 20 s                            |
| Beam angle of antenna (width of | 12 °                            |
| beam)                           |                                 |

| Electrical data                | trical data                               |  |
|--------------------------------|---|--|
| Power supply                   | 5.4 28 V DC, typ. 12/24 V DC              |  |
| Power consumption in active    | <24 mA                                    |  |
| mode (at 12 V)                 |   |  |
| Power consumption in rest mode | <0.05 mA                                  |  |
| (at 12 V)                      |   |  |
| Interfaces                     | 4 20 mA, SDI-12, RS-485 (SDI-12 Protocol) |  |

| Material            | nterial                 |  |
|---------------------|-------------------------|--|
| Housing             | ASA (UV-stabilized ABS) |  |
| Radom (front plate) | TFM PTFE                |  |
| Mounting bracket    | 1.4301 (V2A)            |  |
| Lateral axis        | ±90 °                   |  |
| Longitudinal axis   | ±15 °                   |  |

| Dimensions and weight           | ensions and weight |  |
|---------------------------------|--------------------|--|
| Dimensions L x W x H            |                    |  |
| Weight (incl. mounting bracket) | approx. 2.1 kg     |  |
| Operating temperature:          | -40 +60 °C         |  |
| Storage temperature             | -40 +85 °C         |  |
| Relative humidity               | 0 100 %            |  |

|   | Type of protection       |   |
|---|--------------------------|---|
| - | With horizontal mounting | IP67 (submersion depth max. 1 m; submersion duration max. 48 h) |

| EMV limits and radio approvals  |                   |
|---------------------------------|-------------------|
| EMV for low power radio devices | ETSI EN 301 489-3 |
